North Midlands Computing Hub

Grant Funding support for the Computing Hub Network will cease at the end of the March 2025. This means that there is no guarantee of free Computing Hub CPD for state funded schools after 31 March, 2025. This also means that the subsidies of £205 per day supply cover are not guaranteed after 31st March.

If you have identified a CPD need, please do book on one of these **free** upcoming courses to ensure you are able to benefit from the current DfE funding support.
